LynchRobertson Landscape Architects is an exciting, expanding design practice based in the heart of the West Country of the UK with a vacancy for an experienced, talented, passionate and self motivated post-graduate Landscape Architect, who is seeking to get abroad and enjoy the benefits of living and working in a Saxon Market Town on the edge of the Cotswolds AONB and close to the cultural centres of Bath and Bristol.

Current projects include masterplanning, urban regeneration, retirement villages and inner city housing projects linked to commercial opportunities and Green Infrastructure for existing towns locally, covering all stages of design development. Ability to undertake clear graphics is an advantage for any candidate.

A sound range of technical abilities is required with proficiency in AutoCAD, Photoshop or other 3D software, hard landscape details. Experience using Revit or GIS Software would be an advantage.

You will need to have proven good both writing and verbal English skills and be able to liaise with relevant parties and clients. You must have clear presentation skills and full proven computer skills in relation to presentation and meeting required deadlines.

We are seeking to fill this position by the end of August 2015, with a commitment from the successful candidate to contribute towards the ongoing development of the practice.

Qualifications

BA (hons) Degree in Landscape Architecture (LI accredited)
(&)

Post Graduate Diploma in Landscape Architecture (LI accredited) or equivalent.

Key Technical Skills/Knowledge

You will need the following skills:

AutoCAD, Photoshop, Sketchup, Adobe Creative Suite
Good presentational graphic skills
Proven CAD skills within a commercial environment.
Plant knowledge

Personal Skills

Clean driving licence
Good Verbal and written English language
Excellent communication skills
Ability to work in teams or on your own.
Ability to deal with challenges and tackle problems.
Dealing with other consultants and with clients, quickly and professionally.
The ability to get things done on time.
A positive work ethic – you'll be committed and hardworking.

Desirable Technical Skills/Knowledge

3D Modelling software such as Sketch Up/ Revit / GIS Software
Landscape management experience
Chartered Member of Landscape Institute
